ABU DHABI - A NEW CULTURAL POWERHOUSE

UNMISTAKABLE IDENTITY THE VANDUTCH 75

Cantieri del Pardo ushers in a new era for the legendary VanDutch brand with the VanDutch 75, redefining its design language with contemporary Mediterranean elegance. The yacht preserves the brand's iconic low-slung profile, clean geometry, and balanced proportions, while integrating refined technical details that enhance both form and function.

The 75's exterior has been fully redesigned for maximum comfort and practicality. The 45-square-meter cockpit features

opposing sofas, convertible tables, and a Fenix galley with barbecue, burners, refrigerator, and ice-maker, perfect for entertaining. A carbon-fiber hardtop, "invisible" anchor, and integrated windshield door enhance functionality without compromising the sleek aesthetic.

Interior design by BurdissioCapponi Yachts&Design introduces sophisticated textures, bold contrasts, and elegant materials, including pearl burl veneers, matte wood accents, and moon-toned flooring. The three-cabin layout ensures privacy and comfort, with a generous open-space dinette, American-style galley, and independent crew quarters.

Powered by triple Volvo Penta IPS engines reaching up to 40 knots, the VanDutch 75 combines advanced performance, timeless style, and thoughtful customization, setting the tone for the future of the VanDutch fleet. www.vandutch.com

MAKING WAVES THE INVICTUS TT550

The all-new Invictus TT550, flagship of Cantieri Aschenez, made a bold debut at the 2025 Cannes Yachting Festival. Measuring 16.87 meters in length with a 5.04-meter beam, the TT550 evolves the acclaimed TT series with fully reimagined exterior spaces, offering an exclusive and immersive sea-living experience.

Designed by Christian Grande, the yacht integrates advanced technology and sustainable materials. Structural fiberglass tanks

enhance hull rigidity, balance, and handling, while PET thermoplastic construction reduces weight, boosting fuel efficiency and performance.

Invictus' Atelier Invictus allows for extensive customization, from modular layouts to bespoke finishes, ensuring each yacht reflects its owner's vision.
